CLINICAL EXPERIENCE

Anderson Psychological Services, LLC. Minneapolis, MN

Psychologist in private practice (2005 - present)

Areas of practice include SENE, parenting consulting, divorce coaching, reunification therapy, child inclusive mediation, divorce coaching, neuropsychological assessments; and individual, family and couples therapy. Client populations include children (for CIM and family therapy) through adults with a variety of concerns including mental health disorders ranging from adjustment disorders to severe and persistent mental illnesses; families in transition or individuals/couples facing infertility challenges; children and adults seeking accommodations for school, college or work due to concerns related to AD/HD or a learning disorder; as well as consultation and alternative dispute resolution with parents pre- or post-decree.

Fraser Children's and Family Center, Neuropsychology, Minneapolis, MN

Post-doctoral Fellowship (February 2004 - December 2004)

Conducted neuropsychological assessments for children, adolescents, and adults utilizing a battery of tests to assess intellectual functioning, academic skills, memory, executive functions, and attention.

Hennepin County Family and Children's Mental Health Center, Minneapolis, MN

Postdoctoral Fellowship (December 2003 – December 2004)

Conducted cognitive, disability, and psychological assessments with adolescents and adults; provided reunification therapy to parents and children who were receiving services through child protective services; provided court testimony; and conducted an eight-week psychoeducation group for parents of children who had been diagnosed with ADHD.
